

ANKH-KARA

Origin of Yoga ~ Nature of the Chakra

6-Week Online Course

ANKH is the etymological origin of the term 'Yoga'. KARKAR is the etymological origin of the term 'Chakra'. These terms are from our Ancestral language of Khanit and Kamit (Nubia and Egypt) which predates Sanskrit by thousands of years. Our seminal publication ANKH - The Origin of the Term 'Yoga' KARA-KASA - The Origin and Nature of the 'Chakra' proves this conclusively. In our course we go further to examine the nature of the seven karkaru (chakras) in relation to the planetary bodies, our organs and systems and the specific Ntorou/Ntorotu (Deities - Goddesses and Gods) that actually govern them as demonstrated in the texts of ancient Khanit and Kamit. This is information not found in the later corruptions: hinduism, buddhism or taoism.

An authentic understanding of our cosmology is rooted in our relationship with these Ntorou/Ntorotu (Deities) also called Abosom (Akan), Orisha (Yoruba), Vodou (Ewe). Such an understanding is born of direct communication through spirit-possession and spirit-communication which can only occur within the population of Afurakani/Afuraitkainit (African~Black) people. We bring clarity to these issues in our online course.
