

# HAPI-MERIT

## HIBER-NATION

Retreat

Edisto Island, SC

Gullah Sea Islands

February 17-19, 13024 (2024)

HAPI and MERIT are the male and female Abosom (Deities) animating the rivers of Asaase (Earth) and also the rivers of blood in the body (arteries - Hapi, veins - Merit). Hapi and Merit are central to our capacity to live and thrive individually but also as an Afurakani/Afuraitkainit (African~Black) Oman (nation). Just as the rivers upon Asaase (Earth) and the rivers of blood within the body carry nutrients, rejuvenate and cleanse these bodies, so must we utilize our culture wherever we are to nourish, rejuvenate and cleanse those within our oman (nation), our communal body, to whom we are connected. This includes modeling and teaching proper notions of OBARIMA - Afurakani Manhood and OBAATAN - Afuraitkainit Womanhood which is the foundation for strong families and Amansesew -Nationbuilding/Restoration.

Our annual retreat is a training, cultural and ritual retreat for those who will model proper expressions of **OBARIMA** and **OBAATAN** rooted in our Ancestral Religious values. Attendees will be

educated and empowered via our workshops based upon our books **OBARIMA** and **OBAATAN**. Our books and related trainings are a philosophical basis for Manhood and Womanhood training and transformation inclusive of innovative forms of rites-of-passage for youth and adults firmly grounded in our Ancestral cosmology and manifest through our Ancestral culture. We further demonstrate through our **PER ANKH NUT**

workshop how these principal values are applied to the solar and Earth-cycles that govern every aspect of our lives. Our Ancestral rituals at **Epo Abenaa** (Ocean) and on **Asaase** (Earth) fully grounds us in these principal values.

The restoration of Afurakani Manhood and Afuraitkaitnit Womanhood, rooted in our Ancestral Religious values, is key to the restoration of **ODWIRAMAN** - Purified Nation - Afurakanu/Afuraitkaitnut (Africans) in the Western

Hemisphere. This is a foundational element of **AMANNE** - Afurakani/Afuraitkaitnit (African~Black) Nationism, the purification of Nationalism, for grounded Afurakani/Afuraitkaitnit (African~Black) men and women form strong marriages, raise strong children and build strong families - the cornerstone of the Afurakani/Afuraitkaitnit (African~Black) Oman (Nation).

Moreover, we recognize the reality that the promotion of the insanity of dissexuality/homosexuality, transgenderism, etc. and interracialism is the perverse agenda of the whites and their offspring to destroy the fabric of our community. These sexually-deviant practices are against the nature of Creation and thus against Afurakani/Afuraitkaitnit (African)

Ancestral culture and people. We reject them without compromise. All Afurakanu/Afuraitkaitnit (Africans~Black People) must be grounded in these principles.

February is the time of Hapi and Merit the Abosom (Deities) of the Inundation (misnomered 'Aquarius') - a cycle for the Purified Nation to become the Hiber-Nation for hibernation and rejuvenation in preparation for the abundance that will manifest in the Fefewbere - beautiful time or 'spring'. We will have separate training sessions for men and women as well as joint sessions.

Edisto Island is one of the Gullah Sea Islands in South Carolina. We return to this sacred Ancestral land because of its significance in our trustory as those Akofo - Warriresses and

Warriors, who revolted against enslavement and waged war against the whites and their offspring. Our Ancestresses and Ancestors established independent Akofo-maroon settlements on Edisto Island as they waged war to force the end of enslavement in North America.

[Edisto Island, 12862 (1862) - Afurakani/Afuraitkaitnit (African) Ancestresses and Ancestors]

"...Edisto Island during the American Civil War was the location of a number of minor engagements and for a time of a large colony of African-American escaped former slaves during the American Civil War (1861-1865). Edisto Island was largely abandoned by planters in November 1861 and in December 1861, escaped slaves began setting up their own refugee camps there. In January 1862, armed African Americans from the island and Confederate forces clashed and a Confederate raid in reprisal killed a small number of unarmed African Americans.

In January 20, 1862, a group of African Americans collected arms and fired upon Confederate pickets near Watt's Cut. Evans ordered Colonel Peter F. Stevens to take 100 infantry and a company of cavalry to put down the uprising and destroy supplies on Edisto, and Stevens' operation started on the 22nd. Stevens led the Holcombe Legion (also led by Albert Creswell Garlington and William Pinkney Shingler[10]) with 120 infantry and 65 cavalry to make an attack on the contrabands. On January 22, Stevens crossed the Dawho River and arrived at Edisto. Stevens learned that a group of African Americans had recently attacked a local plantation, and searched for them, eventually going to Point of Pines on Edisto Island across from Seabrook Island. Stevens arrived and captured some African-Americans. About four former slaves were killed or wounded, including women and elderly individuals, and about 14 were captured, also including women and elderly.

However, residents of the camp who were staying in the area had been given an alarm and many fled before the Confederates arrived. On January 23, Union Navy Lieutenant Alexander C. Rhind reported that in response to the attack, he had collected 100 to 150 refugees he found at Point of Pines and ordered the

Edisto Beach, Edisto Island

Crusader to shell houses along the river which were reported to house rebel troops. Since that time, he reported that contrabands had been coming in constantly, and were also settling on Botany Bay Island, one of Edisto Island's barrier islands. By February 3, Treasury Agent Edward L. Pierce estimated the camps numbered 2,300, while on February 10, Du Pont estimated eight to ten thousand, and the risk of famine and disease was increasingly apparent. "

Vegan food, ritual, culture. Also, Gullah-Geechee cultural heritage tour. Learn about the various Afurakani/Afuraitkaitnit (African) nations who united to wage war against the whites and their offspring to end enslavement and establish their own nation..

## KUKULU-TUNTUM

Origins of the Fictional Characters  
jesus • muhammad • mooses • abraham • buddha

6-Week Online Course

**KUKULU-TUNTUM** The Ancestral Jerusalem is the first book to accurately elucidate the origins of the fictional biblical figures, jesus, muhammad, mooses, abraham and buddha as manufactured by the whites and their offspring by comparing the names, descriptive titles and concepts of the actual Deities Henu, Kheon, Hapi, Ichea and Pab from our Ancestral language, culture and religion of Kheon and Kani (Nubia and Egypt).

The fictional characters jesus, muhammad, mooses, abraham and buddha were then applied to fictional white male saviors and gave a false human history. We examine the Nubian (Deities) as Spirit Forces animating the Sun, Moon, Rivers and Core of Earth and how their cosmology was corrupted by the whites and offspring to create white supremacy in the near east and now for the world domination of Afurakani/Afuraitkaitnit (African-Black) people. Our literature is rooted in exposing the fraud of the pseudo-religious Christianity, Islam, Judaism, Hinduism, Buddhism, Hinduism, etc.

## MMARANE KYI

Divine Law/Love and Divine Hate  
Expansive and Contractive Tales of Divine Order

6-week online course

Divine Order is comprised of two Complementary Forces: Divine Law/Love and Divine Hate. The term, concept and function of Law is identical to Love in our Ancestral languages and cosmology. To be in love with an individual is to be in love with individual. It means that your interaction with said individual is a reflection of Divine Order. The term, concept and function of Hate is a reflection of another force, the opposite of Divine Order. Through Hate Divine Order is expressed, revealed, manifestly. Creation continues for the preservation of Creation.

There are male and female Abasem (Divine) governing Divine Law/Love - Maas and Maas and governing Divine Hate - Henu (Siblings) and Gidim (Twin) Dancers and Creators and great in all of our social, Ancestral, African/Afuranian/African-Black people.

There is no understanding of Divine Order without understanding the Divinity of Law/Love and Hate and the Divinity (Divides) of Law/Love and Hate.

In this course Obaido examines the etymology and cosmology of Divine Law/Love and Divine Hate elucidated in his book **MMARANE KYI**.
