The whites and their offspring attempted to force **Afurakanu/Afuraitkaitnut** into the false belief that whites had a special relationship with god by creating a fictional prophet who was to bring the true religion of god to the people. They desire to control the actions of Afurakanu/Afuraitkaitnut by forcing the false belief that there is only one god and only one true religion. The whites desired to make Afurakanu/Afuraitkaitnut stop our communication with the Great God and the Great Goddess, **Amen** and **Amenet**, our communication with the Goddesses and Gods, our Ancestral Spirits and the Nature Spirits, so that we would follow the fictional white god, its fictional prophet and by extension we would follow the whites themselves. The name of the fictional prophet and their false religion is called muhammed and islam.

prophet muhammed never existed. The term muhammed is a term the whites stole from the God Who is the male Spiritual Force that operates through the great river in **Kamit** often called the **Nile**. Because it very rarely rains in Kamit, the people of Kamit are greatly dependent on the great river for the growth of their crops, the well being of animals and themselves. The people depend on the great river for their survival and their ability to live a good life.

The great river of Kamit is the longest river in the world. The name of the God of the river in the language of Kamit is **Hap** or **Hapi**. The great river **Hap** flows through the entire country of Kamit. In the language of Kamit, **Reset** means south and **Meht** means north. Because the God **Hap** governed the entire length of the country, the people referred to this God as **Hap Reset**, meaning **Hap** of the *south*, as He flows in the southern part of the country, and **Hap Meht**, meaning **Hap** of the *north*, as He flows in the northern part of the country. It was this aspect of the God of the river, **Hap Meht**, or **Hap** of the *north*, that the whites and their offspring who invaded Kamit were familiar with.

The term for water in the language of Kamit is **Mu**. **Mu Hap Meht** thus means waters, **Mu**, of the northern Nile, **Hap Meht**. It refers to the God **Hap**, this Spirit Force in Creation, as He operates through the river water of the northern Nile. The whites corrupted the title of the God of the waters of the northern Nile, **Muhapmeht** into muhammed.

For thousands and thousands of years, Afurakanu/Afuraitkaitnut have communicated with the God **Hap** and invoked His Spirit under the names **Hap Reset**, **Hap Meht** and **Mu Hap Meht**. Not only have we fed our bodies with the water of the God, we have also energized our spirits with the unique energy of this Spirit

Who operates through this river water. Every year the rainy season in the lands south of Kamit causes the water of the great river in Kamit to swell until the river floods its banks creating a tremendous lake. After a certain period, the floodwaters begin to decrease until they are no longer flooding the land on both sides of the river. The land on both sides of the river, after having been underwater for a period, is now very wet and fertile. At this time of the year, the people of Kamit have always gone out to plant seeds in this fertile soil. Because the land is so wet and fertile after the flood of **Hap**, a harvest of large crops was usually guaranteed. The coming of the God **Hap** to soak the land on both sides of the river is thus the coming of One Who is a bringer of a great harvest, abundance, a good life and peace. The whites applied this knowledge of the God **Hap Meht** to a fictional white male, and created the false belief that this fictional character was the last messenger of god and came to bring the world peace or islam.

The term islam is another corruption of the whites. The root of the term is salem (salm). Salem is a corruption of the name **Sarem**, which is an ancient title of the God **Hap**. In the language of Kamit, **Sarem** is composed of **Sa**, which means *shrine or sanctuary of a God or Goddess*; and **Rem**, which means *tear, or moisture from the eye*. The swelling of the waters of the river is said to be caused by moisture or a tear from the Eye of **Ra/Rait**, the Great Spirit, because moisture in the eye indicates compassion. The Goddess **Auset**, as she operates through the star system, **Sapadet**, called 'sirius', was referred to as the *Eye of Ra*. It is from **Auset** or **Auset Sapadet**, the *Eye of Ra*, that the Divine teardrop falls, which begins the swelling of the river **Hap** every year. This is because the yearly flood of the river was occasioned by the rise of the star **Sapadet**. When this star, which is the brightest star in the sky, would rise at the beginning of the year, it was an indication that the great flood was coming. Thus, for thousands of years, the people of Kamit have celebrated the beginning of the flood of the river **Hap**, during a holy day now called the "night of the drop", meaning night of the Divine teardrop from the star **Sapadet** or *Eye of Ra*.

The river **Hap** is a sanctuary, *Sa*, of the Divine moisture, or tear, *Rem*. Afurakanu/Afuraitkaitnut depended on the God **Hap Meht**, or **Sarem**, for survival and abundance as a means to maintain peace as a way of life. The whites corrupted the God **Hap Meht**'s title **Sarem** to salem, isalem and islam, and claimed that it meant the religion, or way of life of peace. The spread of **Sarem**, or **Mu Hap Meht**, the waters of the northern Nile over the country was corrupted by the whites into the spread of isalem or islam and muhammed throughout the country.

The God **Hap** is also the Spiritual Force operating through the great river of stars called the **heavenly Nile**. He is thus referred to as **Hap Ur**, meaning, **Hap the Great**. In your body, **Hap** operates through the blood which is made up mostly of water. Blood leaves your heart to flood the organs, structures and tissues of the body. Cells in the body receive nourishment and energy from this flood, so that they can execute their function in the body.

The various functions of the God **Hap**, as the Spirit operating through the river on Earth, the river of stars in the sky and the river of blood in your body were corrupted by the whites, applied to their fictional white character muhammed and used to manufacture a life story for this fictional character.

The whites and their offspring have no special connection to the Supreme Being. They have never had any prophets sent to them from the Supreme Being teaching any religion, and this they will never have.

Hap Reset and **Hap Meht**

Muhapreset (*southern Nile*) and **Muhapmeht** (*northern Nile*)

*Below are excerpts about the fictional character muhammed from our article-series (a compilation of a series of our posts on different forums) entitled: **Origins of the Fictional characters of the bible, quran and talmud.** This entire article-series can be downloaded from our website at: www.odwirafo.com/ktposts.doc*

“...Understand that '**R**' and '**L**' are interchangeable linguistically. In Kamit as well as the derivative **Akan** language there is no '**L**', just a rolling '**R**'. All words with '**L**' in them are translated in both languages, and pronounced, as rolling '**R**'...”

“...There is much more to this story, as bilal is none other than the ancient God **Baal (Bel)**. In Kamit, **Baal** is a form of **Set**. He is called **Bar. Bar-Ur (Bar the Great)** became **Bal-Ul, Bel-Ul** and Bil-al.

Set is the God of the **desert** in Kamit amongst other things/functions. The deserts are just outside of the fertile plains of the Nile valley. This is why when **Muhapmeht** (waters of the northern Nile) floods the Nile valley, the **very first land that is flooded outside of the Nile valley are the deserts**. I.e., Bilal (Bar-Ur) the Kushite/Ethiopian/Black-Red individual/Desert was the first "convert" of muhammed. bilal being "burned" in the desert sands, etc., etc. is nothing more than an allusion to the fact that we are talking about **Set (Bar)** the God of the Desert....”

Set (Bar-Ur)

“...We can look at the functions of **Hap Meht** and see how they are perverted into a scheme about a white male who never existed. The waters (**Mu**) of the river (**Hap Meht**) overrun the land. The people are thus saved from drought and want, seemingly caused by the hot lands of the desert. Of course, the God **Set**, has been invoked for thousands and thousands of years by our people as the **God of the desert**. **Set** becomes **Set-an** or Satan as you observed. Setan is Shetan/Shaitan in arabic. The waters of the river begin to swell as a "response" to the *Eye* of **Ra** (**Auset Sepdet**/the star Sirius). **Mu Hap Meht** "listens" (is receptive to) to **Ra** and acts. **Mu Hap Meht** brings abundance to the people by being obedient to **Ra**. **Mu Hap Meht** is thus the image of:

1) the *messenger* of **Ra** (he hears and obeys) 2) a *saviour*.

The people are saved from Shetan (drought, want) by following and participating in the functions of **Mu Hap Meht/Sarem** (water, producing food and abundance).

One of the titles of **Ra** is **Ra Ur**, meaning among other things "**Ra, the Great One**". This title **Ur** as well as the female equivalent **Urt** was a title conferred upon many Deities and great Ancestresses and Ancestors in Kamit. E.g. **Heru Ur, Amen Ur, Urt Hekau**.

One of the most important linguistic perversions of the whites and their offspring was to translate the title **UR** into "**UL**" which also becomes "**EL**" and "**AL**" as well as "**L**". This is the proper derivation of the so-called hebrew "**EI**" and arabic "**AI**" or "**L**".

"**Ra Ur**" or **Ur Ra** became "**UL LA**" and "**AL LAH**". **Rait*** or **Rat Urt** and **Urt Rat** became "**UL LAT**" or "**AL LAT**". **Mu Hap Meht** as the *messenger* of **Ra Ur** (**Ra** the Great God) or **Ur Ra**, became 'muhammed the last messenger of allah'. Note that some muslims spell and pronounce allah as ullah.

[***Rat** or **Rait** is the *Creatress* while **Ra** is the *Creator*. Together, They function as One Unit to Create the World.]

In our bodies, our blood--made up mostly of water--is the shrine of **Hapi**. When the blood, which carries nutrients, overruns the land (tissues and organs) the inhabitants (cells) of the land (organs and tissues) are saved by the river of blood (**Hap Meht**).

With respect to the quran. Let me just say for now that **Khu** or **Aakhu** in the language of Kamit means "intelligence", "enlightened", "wisdom", "illuminated or shining", etc. "**Khu Ra**" means "**wisdom of Ra**". This was corrupted into "qu ran". Note, that the muslims call the quran the "book of wisdom".

In arabic Kamit is called "**Misr**". This is a perversion of the *Coptic* "**Mesore**" which is derived of **Mes Ra** or "**Mesu Ra**" meaning "birth of **Ra**". This is a title of **Ra** operating through the sun during the summer solstice. By the same token muslim is a perversion of **mes rem**. People are said to have been born "**mes**" of the tears "**remu**" which came from the *Eye* of **Ra**. The tears themselves took the form of a God named **Rem**.

This is another connection of course to the *Eye* of **Ra**, causing **Hapi** to take the title "**Sa Rem**" (sanctuary of the Divine tear)....”
